Plows for select Jeep models

Jeep® HomePlow™ 6'8"

Plow it yourself

The Jeep® HomePlow is perfect for homeowners that need to remove snow from a long driveway and don't want to spend a lot of time doing it. Using a hydraulic lift and wired controller, the Jeep HomePlow operates like a conventional commercial plow with in-cab control of all up/down, left/right blade movements, and it's easy to attach/remove from the vehicle.

Other features:

- Quick-Link™, an easy-to-use mounting system that slides into a Class 3, 2-inch front receiver hitch*
- Integrated wheels for easy on/off and storage
- Covered hydraulic unit to keep debris out
- Standard snow deflector keeps snow away from the windshield
- 1-year warranty

*Front receiver hitch sold separately

Jeep® WingMan™ 6'8"

Easy from every angle

The Jeep® WingMan snowplow fits select Jeep models. It's engineered using lightweight military-grade steel which means less wear and tear on your vehicle and better fuel efficiency. The Jeep WingMan offers commercial-grade plow construction and performance that's perfect for driveways and other tight spaces.

Other features:

- Quick-Link™, an easy-to-use mounting system that slides into a Class 3, 2-inch front receiver hitch*
- Integrated wheels for easy on/off and storage
- Powered by a commercial-grade hydraulic system
- Pistol-grip controller with self-diagnostics
- Standard snow deflector keeps snow away from the windshield
- Standard Nite Saber® LED lights

*Front receiver hitch sold separately

Plows for select Jeep models

Jeep® Drive Pro™ 6'8"

Clear driveways start here

The Jeep® Drive Pro is a rugged snow plow made of lightweight high-strength steel which means less wear and tear on your vehicle and better fuel efficiency. The Jeep Drive Pro is designed to be easy to use for light commercial snow removal.

Other features:

- Easy-on/easy-off single-pull pin mount that leaves the vehicle with a showroom appearance when plow is removed
- Field-adjustable trip springs
- Slot and tab construction for a stronger moldboard
- Standard snow deflector keeps snow away from the windshield
- Standard Nite Saber® LED lights

Spreaders for select Jeep models

Jeep® Base Line 240/400

Economical ice control

Jeep® Base Line (BL) tailgate spreaders offer affordable, high-performance ice control. The BL-240 and BL-400 easily attach to Jeep vehicles with a two-inch receiver hitch and are the perfect choice for small- to medium-sized jobs like icy driveways and small lots.

Other features:

- Patented brush auger stops salt leakage
- Intuitive in-cab controller delivers a precise spread pattern up to 25 feet
- 1/6 HP direct-drive motor provides superior clump-busting performance
- Hopper capacity available in 240 lbs. or 400 lbs.
- 2-year warranty

Spreaders for select Jeep models

Jeep® Blaster™ 350S

Control the flow of any material

Built with the most powerful spreader motor available, the Jeep® Blaster tailgate spreader has the power you need, while the material management system lets you spread what you want, where you want. The commercial-grade Blaster is compatible with Jeeps equipped with a two-inch receiver.

Other features:

- Features a 1/2 HP motor, the most powerful available
- S Series comes standard with vibrator for steady-flowing material
- Accessories available for custom configuration—from auger options to vibrator kits
- 350 lbs. hopper capacity
