

# HOTSHOT-50

BY Meyer

## Easy to Maneuver, Perfect for Narrow Areas

Meyer's 50 lb. capacity drop spreader is perfect for placing any kind of dry, free-flowing ice melting material exactly where you need it. The 20-inch spread width makes quick work of ice and snow on narrow walkways or paths. The infinitely adjustable rate control and spring loaded on/off switch allows you to drop just the right amount of material.

# Precise placement in hard to reach areas

The Meyer Hotshot-50 is the ideal drop spreader for treating narrow paths, walkways, sidewalks or any other hard to reach areas. It places ice melt material exactly where you want it, protecting landscaping or other delicate areas.

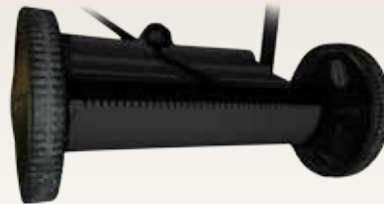

## Large capacity hopper

Polypropylene hopper holds 50 lbs. of material, while resisting corrosion.

## Axle

Features nylon 6/6 axle and wheel bearings that are self lubricating for life.

## Shower cap

Keeps material dry and free flowing for even spreading of any kind of ice melt material.

## Positive lock rate control and spring loaded on/off switch

Controls material flow rate to reduce waste.

## Large diameter 12" semi-pneumatic tires

Features a TPR tread cap and rust proof composite rim making it easy to use on snow or ice.

## Spread the following dry, free-flowing materials

## Product Specifications

Part#	Capacity	Spread Width	Dimensions	Materials	Hopper Material	Tire Dia.	Frame Material
38185	50 lbs.	24"w x 35"h	32"	Salt, Sand, Ice Melt	Poly	12"	Carbon Steel
