

# Meyer®

## Efficient and Effective Spreading Performance.

**Meyer MDV electric spreaders** give you the versatility and capacity you need with the driving power of two independent electric motors for the spinner and auger. The auger material delivery system improves material flow, while the electric motors provide quiet, fuel efficient operation. By utilizing the vehicle's existing electrical system, no additional power requirements are needed. The spiral auger provides precise and constant flow for even material distribution.

# Meyer MDV Electric Spreader

Featuring low maintenance auger material delivery system.

## Features

Auger and spinner are driven independently by two electric motors.

Swing-up spinner makes clean-up, material discharge and off-season storage convenient and easy.

All auger and spinner bearing maintenance can be performed from the back of the unit.

In-cab variable speed controller with blast feature lets you independently adjust the conveyor and the spinner providing integrated variable speed control.

## Highlights

- ▶ Designed for 16,000+ GVW trucks
- ▶ Uses electrical power from vehicle; no hydraulics required
- ▶ Features low maintenance auger material delivery system
- ▶ Uses two industrial grade electric variable speed motors independently drive the auger and spinner disk (60 amp required)
- ▶ Dual speed controller installs in cab of vehicle to provide ultimate spreading
- ▶ Swing-up spinner system allows for quick unloading of material
- ▶ Graduated flighting provides even material distribution from the hopper

## Equipment

<b>Size Specifications</b>	Available in 8', 9' and 10' length; 44" tall; 70" wide
<b>Capacity</b>	Available in 3.0, 4.0 and 4.5 Cu. Yds.
<b>Construction</b>	Corrosion Resistant Stainless Steel
<b>Steel Gauge</b>	12 gauge
<b>Spread Width</b>	4' to 40' spread pattern
<b>Safety Features</b>	Fork pockets, EIS (Electric Inter-lock System)
<b>Warranty Details</b>	1 year warranty
<b>Options</b>	Side extensions, electric pre-wet system, 10" spill shield, vibrator kit, external baffles
