## When clean surfaces are a must

Whether you're clearing driveways, roads or large commercial lots, with Ram snow plows and spreaders, you're the master of it. Our full line of snow removal equipment allows you to clear more properties faster and with proven dependability. All Ram contractor-grade plows feature:

- Moldboards with aggressive attack angles to move more snow in less time
- Pistol-grip controllers with self-diagnostics and hands-free plowing
- Covered hydraulic systems to keep debris out
- Simple two-piece plugs for easy connecting and disconnecting
- Tubular steel on all push-frames and A-frames providing the most strength possible to the moldboard
- Standard snow deflectors to keep snow away from the windshield
- An industry-leading five year warranty

*All Ram pickup trucks and chassis cab require a snow plow prep package.*

## Plows for select Ram 1500 pickup trucks

# Ram Drive Pro™ 7'6"

## Clear driveways start here

The Ram Drive Pro is a rugged snow plow made of lightweight, high-strength steel which means less wear and tear on your vehicle and better fuel efficiency. The Ram Drive Pro offers commercial-grade plow construction and performance that's perfect for driveways and small commercial lots.

### Other features:

- Easy-on/easy-off single-pull pin mount that leaves the vehicle with a showroom appearance when not plowing
- Field-adjustable trip springs
- Slot and tab construction for a stronger moldboard
- Standard Nite Saber® LED lights

## Plows for select Ram 2500/3500 pickup trucks and 3500/4500/5500 chassis cab

# Ram Lot Pro™

## More rugged, by a lot

Always ready for action, the Ram Lot Pro gives you a rugged partner to clear large parking lots whenever your customers call. Its industry-leading 32" high moldboard allows you to move more snow in less time.

### Other features:

- 75-degree attack angle for quicker and better clearing
- Optional all-steel multi-position wings
- Standard Nite Saber® LED lights

Plows for select Ram 2500/3500 pickup trucks  
and 3500/4500/5500 chassis cab

## Ram Diamond Edge™

**Give your business a real edge**

The Ram Diamond Edge plow is perfect when plowing heavy, wet snow. Standing at 32.5" tall and featuring a 70-degree attack angle, it's designed to move more snow in less time than competitive contractor plows.

### Other features:

- Bottom-trip design so only the lower portion of the blade gives way minimizing load loss
- Standard reversible cutting edge for extended plow life
- Standard Nite Saber® LED lights

## Ram Super-V3™

**Versatility at your command**

The Ram Super-V3 offers aggressive styling and incredible plowing performance. This contractor-grade plow has independently controlled flared wings that give you the flexibility to go to a V, scoop or straight-blade configuration with the press of a button. Super-V3 plows are available in carbon steel and stainless steel.

### Other features:

- Bottom-trip moldboard design makes plowing more efficient
- Better back-dragging with double-acting locking cylinders
- Wing deflectors and an upper-sealed center deflector keep snow off your windshield
- Standard Nite Saber® LED lights

Plows for select Ram 2500/3500 pickup trucks  
and 3500/4500/5500 chassis cab

## Ram Super Blade™

### Extend your capabilities

With the press of a button, the Ram Super Blade expands from 8' to 10.5' and back again or anywhere in between. The wings extend as a pair, or independently, at your command. The Super Blade is 32" high in the center of the moldboard, while the outer adjustable wings measure 36" high, giving unprecedented plowing efficiency.

#### Other features:

- Features a tubular pivot bar, with a heavy-duty center support, running the entire length of the critical snow impact area of the blade
- Wings are reinforced with ribs to take on the toughest plowing jobs worry-free
- Standard Nite Saber® LED lights

## Ram Road Pro™ 32

### When open roads are the only option

Perfect for clearing side streets, parking lots and cul-de-sacs, the Road Pro 32 features flared wings and a scoop and funnel moldboard design to maximize snow rolling action. Standing at 32" high, it allows you to clear more snow in less time.

#### Other features:

- 2" x 10" heavy-duty hydraulic rams for reliable performance
- Six trip springs to handle the punishment found in municipal applications
- Electric hydraulic system allows you to add a Road Pro 32 to a vehicle without central hydraulics
- Standard Nite Saber® LED lights

**Plows for earlier model Ram 1500 pickup trucks**  
*Available for 1994-2012 models*

## Ram Lot Pro™ Light Duty

**Be fully armed with an earlier model 1500 pickup**

Engineered specifically for select 1/2-ton Ram trucks with snow plow prep packages, the Lot Pro LD combines light weight with commercial-grade toughness to handle tight spaces and long driveways easily.

### Other features:

- 28" high moldboard to move more snow in less time
- 75-degree attack angle for superior plowing
- Heavy-duty rams for outstanding back dragging performance
- Standard Nite Saber® LED lights

## Ram Super-V3™ Light Duty

**Versatility for your earlier model 1500 pickup**

Designed for select Ram 1500 trucks, the Ram Super-V3 LD is capable of the toughest snowplowing jobs. It features flared wings spanning 7'6" in length, and has trip-edge moldboards for more efficient and shock-absorbent plowing.

### Other features:

- Better back-dragging with double-acting locking cylinders
- Wing deflectors and an upper-sealed center deflector keep snow off your windshield
- Standard Nite Saber® LED lights

## Ram Base Line 240/400

### Economical ice control

Ram Base Line (BL) tailgate spreaders offer affordable, high-performance ice control. Base Line spreaders easily attach to any vehicle with a two-inch receiver hitch and are the perfect choice for small- to medium-sized jobs like icy driveways and small lots.

#### Other features:

- Patented brush auger stops salt leakage
- Intuitive in-cab controller delivers a precise spread pattern up to 25 feet
- 1/6 HP direct-drive motor provides superior clump-busting performance
- Hopper capacity available in 240 lbs. or 400 lbs.
- 2-year warranty

Ram Base Line 400 shown

Ram Blaster 750RS shown

## Ram Blaster™ 350S/750RS

### Control the flow of any material

Built with the most powerful spreader motor available, the Ram Blaster tailgate spreader has the power you need, while the material management system lets you spread what you want, where you want. The commercial-grade Blaster is compatible with 1/2-ton and larger trucks with a two-inch receiver.

#### Other features:

- Features a 1/2 HP motor, the most powerful available
- S Series comes standard with vibrator for steady-flowing material
- Accessories available for custom configuration—from auger options to vibrator kits
- Hopper capacity available in 350 lbs. or 750 lbs.
